

Vision Statements

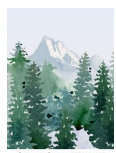

With God’s help and blessing, we will:

- Provide a quality, Christ-centered, educational program which will equip our students with the skills they need to be knowledgeable learners, successful workers, and productive citizens.
- Assist parents to grow in their God-given role as spiritual leaders in their homes.
- Provide a safe environment that meets the needs of our students as they develop into Christian citizens.
- Encourage our students to use their God-given talents and abilities to serve our Lord.
- Nurture a positive rapport with families, our congregation, and our community so that God’s love is reflected in these partnerships.

School Open House – NEXT Saturday, February 3, from 10:00 AM

to noon, we are hosting a preschool through 8th grade open house to give prospective families and students a chance to meet

with our teachers and tour the school. We especially invite all families who will either have a child of preschool or kindergarten age to attend.

We could also use your help! **If you know of a family with a child who is not currently part of our church or school family, but might be interested in being part of it, we would like to get in touch with them.** Please forward their names to either Mr. Wilson or Mrs. Lemke, our secretary, and we will be sure they get an invitation. You are our best promoters! Thanks for your help!

Parent/Teacher Conference Schedules ~ The completed parent/teacher conference schedules are attached to this note. Please check to see when you are scheduled to meet with your child’s teacher. If the time you are scheduled to meet does not work, please let us know as soon as you can. Just a reminder of the schedule change for next week:

Thursday, February 1 – Classes will dismiss at NOON

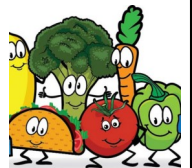

Friday, February 2 – There is NO SCHOOL

Junior Choir:
We are getting excited for **Choral Fest** on **February 16**. In coming weeks, your JC student will be bringing a driver/chaperone slip and request for treats. Drivers will only need to transport students from Immanuel to MLHS around 12:45. I will need 2 chaperones to hang out with us the entire afternoon.

Please show your love to our school by supporting **PIE** on **Feb 14**. PIE is hosting the **Lenten Meal**, and looking for donations of food items. We are also looking for people to volunteer their time in prepping, serving or clean up. If you have any questions, please contact **Casey Knauf**. Thank you in advance for supporting PIE!

He has helped with our greatest trouble by taking away our sins! We read two new versions of the tale The Mitten and enjoyed playing in snow at the sensory table.

Grade 3

This week EVERYTHING was new! We published our 3 paragraph HOW TO essays and learned how to use Microsoft 365. Each student's access information is in the back of their planner. In English, we added Indirect Objects and pattern 3. In reading, we took Fastbridge testing, reset our AR goal, and loved our new reading zones. Check out the back of their Everything Folders to see how much they have accomplished. We are also writing long on our ideas and explaining the WHY behind our thinking. In Math, we received our new math book, volume 2. We also started collecting data every day and graphing it over a period of a month. Students will be collecting the data online every morning. Our Social Studies test got moved to Monday. Study guides are the top item in Friday folders. Permission slips for our February field trip are coming home today. We are heading snowshoeing. This field trip is notorious for getting cancelled because of lack of snow. There is also a field trip in grades 5-8 that day. If you have a child in the upper grades, please check with their chaperoning needs before volunteering for our trip. Their need for drivers will more than likely be greater.

Grade 4

It was another great week of learning in 4th grade! We finished up our study of the Southeast Region today and will be reviewing Monday for the test on Tuesday. Be sure to help your child review the states and capitals of the SE region.

Notes and study materials are in their Everything Folders. Students concluded their non-fiction reading unit this week by presenting their projects on extreme weather. Groups did wonderful and I can't wait to share the presentations with you next week at conferences! In English, we will begin writing persuasive essays next week on a student chosen topic. Our next **field trip** is scheduled for **Wed, Feb 7**. We are scheduled to go snowshoeing at Woodland Dunes but the forecast is not promising. We have a backup date of Feb. 21. Please sign and return the permission slip found in Friday Folders.

Have a blessed weekend!

Thanks!

As I mentioned at home visits, our class will be taking a field trip to visit the Museum of Science and Industry and the Shedd Aquarium in Chicago on Fri, April 26. Many of our sister WELS schools in the area will be taking the trip with us (Two Rivers, Newtonburg, Kiel, Algoma, Reedsville, Maribel). The cost for this trip will be \$100/person. This price includes admission to both museums and transportation to and from Chicago on a coach bus. **If anyone would like to help organize a fundraiser to offset some of the cost of the trip, please let me know. Bring along your own ideas, or I also have ideas from things we have done in the past.**
